

Leaders Notes

August 2012

With a granddaughter in the Olympics and a grandson celebrating his third birthday, there was excitement in Ayim family during August, 2012. Miranda Ayim, was born in Chatham, and raised in London, ON. She was on Canadian Senior Women's Basketball team that competed in the Olympics in London, England. Although the team did not win medals, they made history, being the first women's basketball team to make it to quarter finals. We are proud and happy she made it to the summer games.

We had a good attendance at our first Cabinet meeting at Five Oaks, Paris, ON. Paris Lions Club hosted the event and following the meeting fed us with BBQ, corn and other goodies. Their hospitality together with good Lions fellowship made a pleasant afternoon.

Lions Global Service Action Programs.

In addition to **Reading Action Program**, International President Madden continues to promote the four global service action campaigns: **August:** Engage our youth. Invite our LEOs and youth to develop, lead and participate in projects in the community assisted by Lion advisors. This will enable them to learn skills while emphasizing the importance of service. **October:** Plan Vision screening or other projects that benefit the visually impaired **December/January:** Work to relieve hunger; plan to collect and distribute Food. **April:** Plan projects that will improve our environment.

Kodjo Avery Ward, grandson of Dan and Afua celebrated his third birthday, August 4th, 2012.

Golf Ball Drop.

At month end, DG Dan joined West Coast Lions Club to conclude their Golf Ball Drop fundraising project. Lion Dan released balls in the bag at a height of 60 feet the above golf green as has been done in years past.

Summer Recess

I trust that you all had a good summer – beautiful days, although many were very hot. Many thanks to those lions who spent some time taking care of district administration, committee work e.tc; in order to ensure Lions service projects continue uninterrupted. One such Lion is our seemingly tireless Cabinet secretary who, in addition to other duties, proof-read several copies of the new district directory. One should not forget other Lions who responded to his call to proof pertinent sections of same document.

Lion Dan going up

Successful Drop. Judges determining winner.
