

Leaders Notes November 2014

“A picture can say a thousand words”

What do you see?

Sakura House Hospice, generator project picture.

Take time to look at the picture, look at their faces..... look at the group..... What do you see?

I see cooperation. I see networking. I see excitement. I see gratification. I see pride. I see Lions seeing a need in their community. I see new service. I see a family of Lions making a difference. Not only can I see it, I can feel it!

This is just one example of what we do best. There are many great acts of service from our Clubs reaching out in their communities. I used this photo as an example because it reminds us that we are a family. A “Pride” of Lions here to help others. It is a great reminder of when we communicate openly and focus our energies on those in need we accomplish amazing things.

Connect with your Club, the Clubs around you, and the District. We are family. To quote VDG Diane “Oh the places you will go”!

The “Wake” is building! How does it make you feel?

Lion Tim DeBlock

District Governor

“A Wake In Service”
