

## 1955 2015 Drumbo Lions Club Pheasant Pins

According to Lion Gerald Harmer, who in his 55<sup>th</sup> year, is the longest standing member in the Drumbo Lions Club - “when the Drumbo Lions Club chartered, all the members raised pheasants. These were then released into the bush around the cornfields for bow hunting. Not too many people still raise them, but pheasant hunting is still a sport in Drumbo today.”

- Thank you Lion Gerald Harmer, October, 2020
